

### FATHOM Li-ion Battery Pack with E/O cable

220 wh (11.1v, 20ah)	\$995
330 wh (11.1v, 30 ah)	\$1,195

- Industry standard E/O cable allows for modular use to power a 12v light head, heated vest, or habitat scrubber.
- Latchless carbon fiber canister eliminates snags and minimizes size.
- Fully potted 316 SS piezo switch creates a robust waterproof design.
- External charging through the E/O cable eliminates unnecessary canister opening to maintain waterproof integrity.
- Built-in OPV

11.1v (3S) Li-ion smart charger included

- 100-240V input
- 2A output

### FATHOM 3rd Gen Pitkin Controller \$249

- Utilizes tap or switch control to adjust the power on a heated vest, habitat scrubber, or other battery powered device.
- Three taps to increase power, two taps to decrease power (<1/3 sec).
- Six power settings (0, 20, 40, 60, 80, or 100%).
- LED indicates power setting by number of flashes. (0-4, constant)
- Connects inline between the battery pack and device with E/O cords for modularity.
